TERROIR(S)

The IGP Terres du Midi covers the diverse landscapes of Gard, Hérault, Aude, and Pyrénées-Orientales. From high plateaus with cool nights to sun-drenched coastal plains, every nuance of the Mediterranean climate contributes to the richness and diversity of these terroirs. Breaking away from the tradition of rich and powerful wines, Les Petites Javelles embrace a modern style, where freshness and vibrant flavors shine. True to our values, these wines are HVE3-certified (High Environmental Value), reflecting our commitment to sustainable and respectful viticulture.

VINIFICATION

The grapes are vinified after full destemming, followed by a short, low-temperature maceration for a few days. This process limits tannin extraction, resulting in a very fruity red wine with ripe, crisp tannins and a vibrant, bright color.

TASTING

Cherry-red color. Fruity and luscious nose with notes of cherry, raspberry, and pomegranate. Delicate and well-balanced palate, combining roundness and freshness, with soft tannins and fresh red fruit flavors, offering a long finish.

FOOD & WINE

Serve at 18°C. Perfect with roasted chicken or herb-grilled lamb chops, vegetable lasagna, or Penne all'arrabiata. Also pairs beautifully with a charcuterie and cheese platter or a dark chocolate brownie for dessert.
